## This spring get a Fling Thing

Fling Thing is the perfect water toy for playing fetch! This flying disc was created using a blend of foam and rubber to give it the durability of a rubber toy while keeping it light and buoyant. The soft material allows your dog's teeth to sink into the toy without ripping it apart, making it the perfect disc for fetching without the danger of hurting your dog's sensitive mouth. Also pictured is the Zisc disc. rrp \$22.00 for the Fling Thing and Zisc \$24.00

## Board the PetArk for good health

PetArk Muscle and Joint has been a little secret that our equine friends have known about for some time. This naturopathic veterinary formula has been used on thousands of horses since 1990. PetArk contains vitamins, herbs, amino acids, trace elements and tissue salts and all these assist in maintaining healthy cartilage, muscle tendon and bone.

## Working dogs get the stamp of approval

Australia Post has tipped its hat to the unsung heroes we fondly call working dogs. From those tireless workers on farms to those keen noses patrolling airports, this is a stamp collection dog and philatelist enthusiasts will enjoy.

## Spring fashion just right for the transition season

Some days show promise of warmth and others are cool. Our spring season can be unpredictable but we predict that these two hot fashions will be just right for some spring fashion action. The Piccadilly sweater is a Nordic inspired creation with sparkling hand-sewn silver beading and pom-pom spaghetti tie belt. Available in soft cream/brown/baby pink or soft cream/brown/baby blue.

The Central Park quilted jacket is made from rich brown satin, with pink sateen lining and trim. This extremely detailed coat is painstakingly hand-beaded and features a whimsical scene of a diva dog and mum relaxing on a park bench. Both are limited edition and are made by Oscar Newman who specialise in hand beading and elegant finishes. By special order exclusively, \$65.00 and \$85.00 respectively.

## Stunning collars made to perfection

For home or at the park, these elegant and stylish dog collars make a great fashion statement. These attractive collars are made from top-quality leather and snazzy hardware. Matching leads also available.

## When is a Pig's Ear not a Pig's Ear?

When it's a Veggie Pig's Ear of course. These entirely natural and vegetarian ears have the same shape, size and contours of any standard pig's ear, without the pig! Made from wheat starch, vegetable fibres, lecithin with natural colouring, and flavourings.

Available pet stores.

## Sling into action with the Tennis Dog

This cool tennis ball tosser has a sling shot action that can propel your balls faster than the average chucking gizmo. Balls are easy to scoop and manage without the dreaded slobber.
